ENGLISH GENERAL PAPER Paper 2 Comprehension MARK SCHEME Maximum Mark: 50

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always whole marks (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit
 is given for valid answers which go beyond the scope of the syllabus and mark scheme,
 referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

Question	Answer	Marks
1(a)	Option Y	
	 Arguments for: Big enough for 5 people (the children could all have their own room) There is a pool which would help Renate continue with her training Southern location on island holiday implies good weather/link to northern hemisphere idea and southern position Supermarket and market nearby for self-catering which could keep costs down (as per Mr Jensen's wish) and give flexibility to cater for different diet needs e.g. vegetarian Mrs Jensen Local restaurants nearby though to give Mr Jensen chance to indulge his wish to try local food Bars and nightclub may be suitable for adults and children who are old enough Peter is an architecture student so ancient ruins might be very interesting for him Peter rides a motorcycle and these can be hired to explore the island. There are also bicycles which the rest of the family can ride or they could all hire a car to explore 	
	 Arguments against: Premium price bracket plus additional costs of flights – Mr Jensen wants to keep within a reasonable budget; neither he nor his wife appear to be very high earners (teacher, middle manager) Journey involves a flight and travel by boat to the island – this may not be favoured by Thomas who gets travel sick No information about size of pool (villa pool may not large) – is it suitable for Renate? No sports mentioned and the boys like water- and land-based sports
